

Terms of use for the Harz University of Applied Sciences grilling area

The Student Union is responsible for coordinating the dates of events in the grilling area. It must be notified in a timely fashion of any events, including the name of an event organiser. The Student Union provides the grillage.

The fire pit (fire bowl) of the grilling area must only be used under supervision. Embers must be extinguished when leaving the area! Open flames and grilling are prohibited in times of extremely dry conditions (wildfire hazard)!

The organiser must provide a water bucket (at least ten litres) to extinguish any flames during grilling or use of the fire pit. Extinguishing water can be acquired from the pond.

The organiser must bring any firewood. Use of wood from the university's trees is prohibited.

The creation of any other fire areas, except for an approved grill brought by the organiser, is prohibited.

Starting at 22:00, noise must be kept to levels that do not disturb the neighbours during the night. The grilling area must be cleared as of 1:00. Both the grilling area and the fire pit must be cleaned and tidied no later than 8:00 the following morning. Any waste must be placed in bags brought by the organiser, which can be left in the grilling area. The property caretaker disposes of the rubbish bags the following morning on normal working days.

If the area is not cleaned and tidied after the event, the university will charge the organiser for any expenses incurred as a result of cleaning, disposal and processing.

If the organiser violates these terms of use, the Student Union will prohibit them from further using the grilling area.

The university security staff are authorised to document the organiser's personal information. In the event of clear disregard for these terms of use, security staff are authorised to cancel the event.

The organiser is responsible for adhering to the pertinent regulations (hazard prevention regulations of the city of Wernigerode, etc.) as well as these terms of use.

The Student Union

These terms of use were passed in their current state by the Student Union and the university, and are binding for all users of the grilling area!
